

PULLMAN HAS JOBS FOR 80 GUARDSMEN

Says Disciplined Men Are Preferred for Police Places.

Major Pullman today renewed his invitation to jobless members of the District national guard to apply for the eighty vacancies in the Police Department which represent a portion of the 100 new positions recently created by Congress.

The major said men who have been in the army, navy or marine corps are always welcome applicants for the force, because in the Federal service they receive a training in discipline which makes them good policemen.

A number of guardsmen who returned from the border to find their former positions filled by others have already taken out applications, and others are expected.

Applicants must be at least five feet eight inches tall and proportionate in weight.

Since the major began advertising for men several weeks ago, forty-two applicants have passed the physical examination. Eighteen of these have passed the mental test and are practically ready for appointment. There are still twenty-one applicants, who were found physically fit, and are waiting to take the mental examination.

Two lieutenants and four sergeants also were allowed for by Congress, and will be appointed in the near future.

ADVISES EARLY MARRIAGE

Dr. Gordon Answers Questions Put By His Congregation.

At the evening services last night at the First Congregational Church, Dr. James L. Gordon answered the questions which have been placed in his "question drawer."

Some of the questions and answers were:

"When will the war end?" "Who will win?" "What will be the general result?"

"It is uncertain when the war will end—maybe in a year, and maybe not. If the victory is based on a compromise it will mean a world war a few years later."

"At what age should a young man establish a home of his own?"

"When he is between twenty and thirty—not later than thirty."

"To what extent is a preacher or evangelist justified in using sensational methods in order to get and hold an audience?"

"Sensation is better than stagnation. Jesus was sensational."

"Will we ever have a Roman Catholic President of the United States?"

"We probably will after the Catholics have convinced us that their church has given up the dream of temporal power."

SO WILL BENEFIT OTHERS WHO SUFFER

Well-Known Washington
Man Gives Strong Testimony for Plant
Juice.

Considerable talk has been stirred up locally, by the wonderful relief that Mr. Samuel Frazier, of No. 204 14th Street N. E., experienced through the use of Plant Juice, the new herbal stomach remedy. Mr. Frazier is a

SAMUEL FRAZIER.

popular employee of the Washington Street Railway Company, and has hosts of friends in this city. He recently gave the following signed testimonial:

"I have suffered for a year or more with a bad case of stomach trouble and was compelled to have an operation for it, but after I was operated on, I got back into the same condition, and had no appetite whatever. My food fermented in my stomach and I was badly bloated with gas; I suffered agony after eating, and dreaded to sit down to a meal. I was so nervous that I could not sleep at night; my liver was also affected, which caused me to be very dizzy at times; I got very weak and completely run down, lost in weight and was very much discouraged. I was so constipated that I had to keep taking some kind of a laxative all the time, which gave me no permanent benefit. Finally I started to take your Plant Juice and that seemed to be just what I needed. I have gained eight pounds in weight and am able to eat anything I want without the least distress. I am glad to give this public endorsement for Plant Juice on account of the great benefit that I received."

Plant Juice acts almost like magic in stomach trouble, gas fermentation, heavy, distressed feeling after meals and on retiring. It attacks and destroys all poisons in the blood, corrects diseased conditions of the liver and kidneys and restores them to normal condition. The Plant Juice Man is at The People's Drug Store, corner of 7th and E Streets N. W., where he is daily meeting the local public, and introducing and explaining the merits of this remedy.—Advt.

THIS DAINY LADY

Is as particular about her kitchen as she is about her clothes.

She has made a study of hygiene and she knows that in order to prepare a really wholesome dinner it is just as necessary to have sanitary cooking appliances as it is to have a good refrigerator.

That is the reason she insists upon having

AN ALL GAS KITCHEN

Another reason is because she knows she can go into her kitchen and supervise or help prepare a meal without getting coal dust, soot, or ashes on her good clothes.

When you consider that the "All Gas Kitchen" stands for Economy, Convenience, Comfort and Cleanliness, as well as Attractiveness, its growing popularity is not to be wondered at.

Visit our "Sales Department," 425 10th Street N. W., and see some of the newest things in Gas Ranges, Water Heaters, Semi-indirect Fixtures, Table Lamps, Welsbach Lights, etc., or phone Main 8284 and our representative will call at your home with photographs.

EASY MONTHLY PAYMENTS IF DESIRED
